

BRINGING THE MARKET TO YOU

About Minute5

Minute5 is an online grocery store that enables you to do your shopping at your fingertips and gets your items delivered to you in real time. The E-Commerce platform offers an online grocery marketplace, bringing together vendors and customers.

How Minute5 works

1 _____

Customer accesses website platform

2 _____

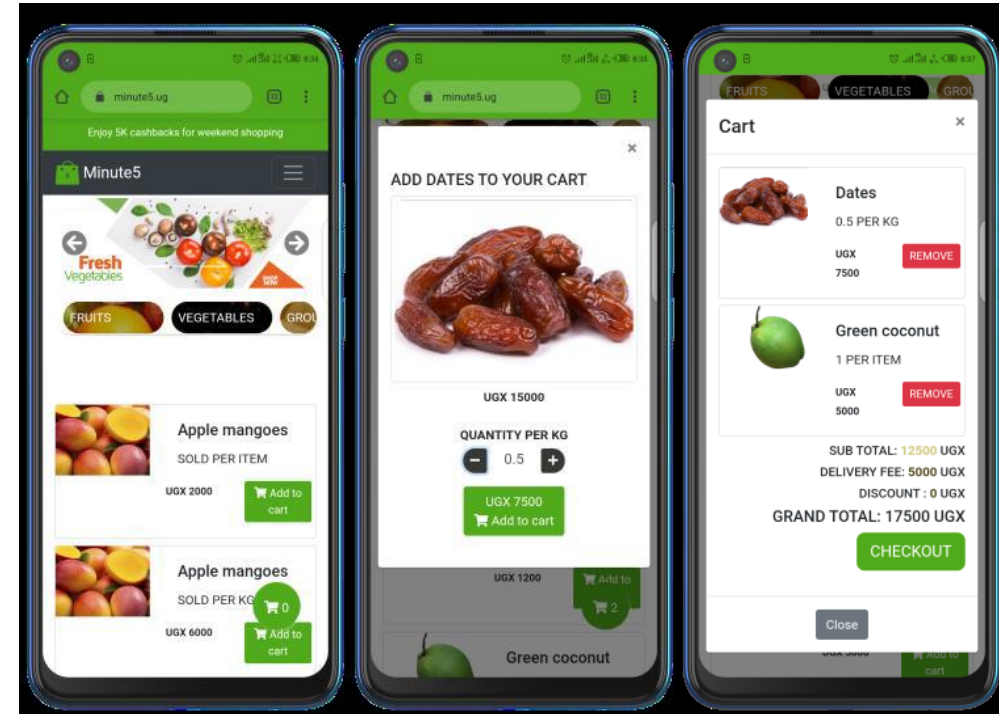

Customer navigates the platform and orders for products

3 _____

The order is processed by a Minute5 agent at retail outlet or market

4 _____

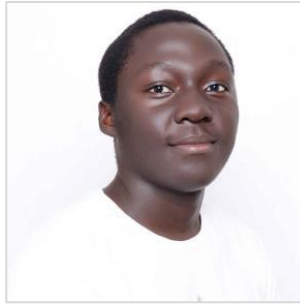

The order is delivered to customer within the shortest period
